Article 19

Everyone has the right to freedom of opinion and expression; this right includes freedom to hold opinions without interference and to seek, receive and impart information and ideas through any media and regardless of frontiers.

"Don't you see that the whole aim of Newspeak is to narrow the range of thought? In the end we shall make thoughtcrime literally impossible, because there will be no words in which to express it. Every concept that can ever be needed, will be expressed by exactly one word, with its meaning rigidly defined and all its subsidiary meanings rubbed out and forgotten. ... Every year fewer and fewer words, and the range of consciousness always a little smaller."

- George Orwell, 1984

Update #1 from Vienna. Oct 9, 2013.

I've been invited by Museum Quartier in Vienna to be an artist-in-residence this month and will focus on developing CV Dazzle. This month I'll be researching, developing, and testing new software to help make CV Dazzle more accessible. Open source CV Dazzle is imminent, but may be a while still.
